

Southern Power Co. To Build Big \$100,000 Transmission Line Here

ARRANGEMENTS COMPLETED AND WORK IS TO BEGIN AT ONCE ON GREAT DEVELOPMENT

TO BE BUILT HERE FROM BELTON

4,000 Horse Power Transformer to be Installed at Local Station—Will be 100,000 Volt Line

Returning yesterday morning from Charlotte, Mr. H. A. Orr, manager of the Anderson division of the Southern Public Utilities Company, announced the successful negotiation of plans for the building of a 100,000-volt, double circuit, steel tower transmission line from Belton to Anderson by the Southern Power Company. The cost all told will be between \$75,000 and \$100,000, and the line will be completed within 90 days. Fifty men will be placed at work immediately upon the construction of the system. An order was placed for the necessary material and equipment which will be rushed out at once.

Seneca to Greenwood.
This transmission line between Belton and Anderson will be a link in a line from Seneca via Anderson to Greenwood. The line will be of the same size as any of the other great transmission lines constructed by the Southern Power Company throughout the Piedmont section of the Carolinas, and will bring to Anderson power sufficient for any great electrical development.

Big Transformer.
Mr. Orr stated that a 4,000 horse power transformer will be installed at the Tribble street station, with all necessary switches, etc., and will be added to as the demand for power warrants. For the present the transmission line from Belton to Anderson will be operated at 40,000 volts, being connected at Belton with the "pole" line from Greenville to Greenwood.

The total length of the tower line from Seneca to Greenwood will be 65 miles, and the other links will be constructed after that from Belton to Anderson has been completed.

Floods \$2,000,000 Loan.
(By Associated Press.)
GREENVILLE, Feb. 16.—An official of the Southern Public Utilities Company announced here tonight that the company within the past few days had floated a \$2,000,000 loan in New York for \$2,000,000, which amount would be used in improving the services of the company in 16 cities and towns in North and South Carolina. The official did not state the firm making the loan nor where the greater part of the bonds were to be spent.

line from Belton to Anderson will be operated at 40,000 volts, being connected at Belton with the "pole" line from Greenville to Greenwood.

The total length of the tower line from Seneca to Greenwood will be 65 miles, and the other links will be constructed after that from Belton to Anderson has been completed.

Fulfilling Promises.
The construction of the transmission line from Belton to Anderson fulfills all promises made by the Southern Public Utilities Company in its application for a franchise to do business in Anderson.

These promises were a 10 cent rate on electric lighting, enlarged waterworks capacity and a transmission line of the Southern Power Company. The company has done more than fulfill its promises, for it installed in the city of Anderson a "Great White Way," this not being among the improvements promised.

The company has spent \$25,000 in installing new water mains, and the Southern Power Company is now preparing to expend approximately \$100,000 in the construction of a splendid transmission line between Belton and Anderson.

Fourth Source Power.
The building of the transmission line to Anderson means that this city will be afforded practically an unlimited supply of power for any big developments that might be started here. It also means that Anderson is to have a fourth and distinctly new source of electric power. The other sources of power are Portman Shoals, Gregg Shoals and the steam plant here in the city.

EQUINOX WEAVERS QUIT LOOMS AGAIN
But Will Return This Morning—Misunderstanding the Cause

As a result of their misunderstanding the terms of the agreement whereby they returned to work after a strike several days ago, weavers of the Equinox Mill did not return to their looms after the noon hour yesterday, thereby bringing about closing down of the plant for the remainder of the day.

Mr. T. E. Ligon, general manager, stated last night that a conference had been held between representatives of the mill and the weavers and the misunderstanding straightened out; that the understanding reached was agreeable to all concerned, and that the mill would resume work at the usual hour this morning.

Personal
T. R. Wright of Townville was among the visitors in the city yesterday.

Mrs. V. H. Jones has returned to Seneca after a visit to friends in the city.

Sam Jackson of Iva spent yesterday in the city.

J. G. Harper of Eureka is in the city yesterday for a short while.

Paul Brock of Pendleton was in the city yesterday for a short while.

Paul Norris of the Roberts section was in the city yesterday.

J. B. Pennell of Belton was among the visitors in the city yesterday.

B. F. Martin has returned to Greenville after a short visit here.

M. L. Metcalf of Philadelphia, and C. H. Cohen of New Orleans, jewelry druggists, were in the city yesterday calling on local dealers.

Dr. C. L. Gayton of Piercetown was among the visitors in the city yesterday.

E. G. Evans of Pendleton spent yesterday in the city.

C. J. Alex McGee of Greenville, who is associated with the Southern Railway is a visitor in the city.

Mrs. T. C. Peere of Belton was among the shoppers in the city yesterday.

THE INTELLIGENCER "AT HOME" THURSDAY

PLANT WILL BE OPEN TO INSPECTION OF GENERAL PUBLIC

ALL INVITED

Visitors Will Have Opportunity of Seeing all Departments in Operation

Next Thursday evening The Intelligencer will be "at home" to those who may care to visit the new home of the morning paper, on West Whitner street, and make an inspection of the plant and workings of a modern newspaper. On the same date the directors and management of "The Anderson" theatre will hold the opening reception of the new playhouse, and guests at this function will find it convenient to call upon The Intelligencer at the same time.

There are without doubt many people in Anderson who have never seen anything of the mechanical department of a newspaper plant, and this will afford them an excellent opportunity of inspecting the wonderful linotype machine, without which a daily newspaper would be all but an impossibility, and the big press on which the papers are printed, cut, folded, counted and delivered ready for the carriers.

Visitors to The Intelligencer office Thursday evening will have an opportunity of seeing the press in operation, a sight which they could not behold at any other time unless they visited the office about the crack of day. There will be on hand employees of the paper who are familiar with the various departments of the paper, and they will take the greatest pleasure in showing visitors through the plant and explaining the workings of the several departments.

Recently The Intelligencer moved from North Main street to the Pepper building, at the north-east corner of West Whitner and North Peoples streets, and just across Peoples street from "The Anderson" theatre.

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat, give a good dose of "California Syrup of Figs," to evacuate the bowels no difference what other treatment is given. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company."

THREE CASES OF BUBONIC PLAGUE All Have Ended Fatally—Surgeon Gen. Blue Approved Measure For Fighting Disease

WASHINGTON, Feb. 16.—Surgeon General Blue, of the public health service, today approved measures for fighting bubonic plague outbreak in Havana suggested by cable by Surgeon General C. E. Guiteras, who was sent from New York to investigate.

There have been three human cases of the plague reported, all of them ending fatally, according to the dispatch from Surgeon Guiteras, who added: "Fifteen hundred following measures in addition to those now in force: All vessels for American ports to be disinfected prior to departure, provided that regular lines of operating ships are open to a rat-proof vessel will be fumigated once a month. Freight cars should be inspected before being loaded on ferry."

Arrangements for Army-Navy Game Completed

NEW YORK, Feb. 16.—All arrangements were completed here today to hold the 1915 Army-Navy football game at the Polo grounds, on November 27. Conditions were agreed on at a conference attended by Colonel C. D. Wilcox, Captain J. I. Sullivan and Lieutenant C. E. Meyer of West Point; Commodore A. F. Fairbank and S. Gannon of Annapolis, and President H. N. Hempstead and Secretary John B. Foster of the New York Nationals.

OPENING SESSION LAYMEN'S CONVENTION

LARGEST ATTENDANCE IN HISTORY OF SOUTHERN PRESBYTERIANISM

"THE MESSAGE OF THE HOUR"

Subject of Address by J. R. Mott. Says Time is Ripe For World-wide Evangelization

(By Associated Press.)
CHARLOTTE, N. C., Feb. 16.—"The Message of the Hour," as outlined by John F. Mott, chairman of the continuance committee of the world's missionary conference, to the biennial laymen's missionary convention of the Southern Presbyterian church east of the Mississippi, is that the time is particularly ripe for world-wide evangelization in that the magnitude of the present European conflict has by the process of exclusion brought the nations of the earth to see that all else besides Christianity has failed as a civilizing influence.

Dr. Mott's presentation of the call of the world to evangelization was made to the largest convention of the laymen in the history of Southern Presbyterianism, the 3,000 clergy and laity in attendance on the three day meeting which opened in this city this morning at 11 o'clock with the singing of "Come Thou Almighty King" by a vast masculine chorus led by Dr. Charles G. Vaddell, of the Southern Presbyterian College for Women at Red Springs, N. C., being twice the number ever attending a similar meeting.

The delegates were welcomed to Charlotte by Morgan B. Speer, chairman of the convention committee and the response was by Dr. James Lewis Howe, member of the laymen's executive committee of Lexington, Va. At the morning session "Tourists view of missions" was presented by Rev. J. H. Mills, D. D., Washington, D. C.; at the afternoon sessions "Holy Spirit and Missions," Rev. Dr. Rockwell Brank, Savannah, Ga.; "Life and Missions," Rev. D. H. Ogden, Atlanta; "Prophecy of Missions," Rev. Dr. William R. Dobyns, St. Joseph, Mo.

Tonight in addition to the address by Dr. Mott, C. V. Vickery, secretary of the mission education movement, New York, demonstrated the "possibilities of moving pictures in missionary education."

ANNUAL MEETING OF CHURCHMAN'S CLUB

Officers Elected For Ensuing Year—Was Enjoyable Affair

The annual meeting of the Churchman's Club, held last night with Mr. J. J. Trowbridge, at his home on West Franklin street, was one of the most enjoyable sessions of this organization that has been held.

This being the time for election of officers the following were chosen: president, G. Cullen Sullivan; vice president, Nardin Webb; secretary and treasurer, Baylus Maxwell. The retiring officers are: president, Gen. M. L. Bonham; vice president, P. A. Whaley; secretary and treasurer, Harold Webb, deceased.

The topic for discussion last night was "The Religious Aspect of Present Relations Between the United States Germany and Great Britain." The discussion was thoroughly interesting and enjoyable throughout.

Among the business matters transacted was the appointing of a committee to draft resolutions with reference to the death of Harold Webb, who served the club so efficiently and faithfully as secretary and treasurer.

AFTER PASSING YEARS

Anderson Testimony Remains Unshaken

Time is the best test of truth. Here is an Anderson story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. L. H. Seel, 222 E. Market St., Anderson, says: "For a year I suffered from kidney weakness and pains in the small of my back. I felt dull, languid and miserable. After using different medicines without much benefit, I tried Doan's Kidney Pills, that I got at Evans' Pharmacy. 'Oy did me a world of good in every way.' (Statement given February 22nd, 1905).

On December 4th, 1914, Mrs. Seel said: "I have just as much confidence in Doan's Kidney Pills now as when I previously recommended them. When I have noticed the slightest return of kidney trouble, due to a cold, Doan's Kidney Pills fix me up all right."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Seel had. Foster-McMillan Co., Props., Buffalo, N. Y.

MRS. ELIZA CRAFT DEAD

Passed Away Monday Night at Anderson Hospital.

Mrs. Eliza J. Craft, aged 60 years, and wife of A. M. Craft, died Monday night at 11:30 o'clock at the Anderson County hospital, where she was taken several days ago from her home in the Orr Mill village for an operation. The funeral services and interment will be at New Bethel

church, Elbert County, Ga., at noon today. Mrs. Craft was the mother of 16 children. Her husband and nine children survive. She was a devoted member of the Methodist church. The surviving children are as follows: Jesse, F. N. and R. R. Craft of this city; A. J. Craft of Newberg, Ga.; G. G. Craft of Calhoun Falls, and four daughters, Mrs. Eva Lany of Belton; Mrs. Lucy Mahoney, Mrs. Minnie Skelton and Mrs. Luis Pike, all of this city.
